

Transatlantic School Twinning Draft Mission Statement

Our mission is to build a lasting charitable partnership between schools in the United States and the United Kingdom, enabling young people to learn with and from one another through shared values, active citizenship, and meaningful fundraising for communities in need.

Through school twinning, we aim to strengthen understanding across cultures, encourage pupils to see themselves as responsible global citizens, and create opportunities for students, teachers, and families to share information, experiences, ideas, and practical skills.

Shared Values

- Respect for different cultures, communities, and perspectives
- Compassion and service through charitable action
- Responsibility, fairness, and active citizenship
- Curiosity, collaboration, and lifelong learning
- Confidence in sharing ideas, experiences, and student voice

Project Aims

- Support citizenship education by helping pupils explore rights, responsibilities, community action, and global awareness.
- Develop learning skills such as communication, teamwork, problem solving, reflection, and leadership.
- Provide safe and purposeful opportunities for schools to exchange information about daily life, learning, traditions, challenges, and aspirations.
- Encourage collaborative fundraising projects that connect classroom learning with real-world service.
- Build friendships and mutual understanding between school communities in the USA and United Kingdom.

Together, our schools will use partnership, learning, and charitable action to help pupils understand the wider world, value one another's experiences, and make a positive difference locally and globally.
